

# NanoMiracle2

## Maintenance for 2K oiled floors

### Product Description

*NanoMiracle2* is used for regular maintenance of wooden and parquet floors which are treated with a 2K floor oil like *NanoMiracleOil*. Frequent use of *NanoMiracle2* refreshes the surface and preserves the excellent protection effect of the 2K oil. *NanoMiracle2* does not build up layers and is not diluted before use.

For regular cleaning of the floor use *NanoCleaner*. For indoor use only.

#### Attention:

- Make sure that the floor was not treated with other maintenance products before using *NanoMiracle2*. This would cause streaks.

### Preparation

The floor must be free from contamination and dust. Clean with *NanoCleaner*.

### Application

Squirt *NanoMiracle2* onto the floor directly from the bottle. Dispense it with a clean, damp mop or lint-free cloth. Let dry for about 1 hour. After that the floor is ready to use.

If streaks appear it is likely that the floor earlier was treated with polish or wax.

### Cleaning

Clean tools with water before the product has dried.

### Health and Safety

*NanoMiracle2* is not classified under the C.H.I.P.regulations. Use the normal care due when handling chemical products. Ensure good ventilation. Use protective goggles and gloves if there is any risk of splashing. If the product comes into contact with your skin, wash it off with soap and water. If the product gets into your eyes, rinse with a generous amount of water. For further information see Safety Data Sheet.
